Update

Army Knowledge Online is currently refining plans to address Homeland Security Presidential Directive #12; the requirement to login to DoD information systems via CAC or other token. Our planning will include every measure available to protect our users' access. Stay tuned to AKO for further information.

❖ RVU Briefing FEB05 LT Gunther

Telemedicine Consults**Telemedicine Procedures for Eye Care**

1. Establish referral agreement with consulting provider.
2. Contact Angel Rodriguez , NMIMC Telemedicine Program Management analyst, at (301) 319-1066 to obtain a user name and password for NNMC Bethesda's MedWeb server. Both referring and consulting providers will need MedWeb access.
3. Log into MedWeb at Bethesda, enter exam data and upload images as shown in power point presentation.
4. Email consulting provider to let them know an eye consult has been generated for them.
5. Consulting provider logs into MedWeb at Bethesda, reviews the exam data and images, and completes electronic consult form as shown in the power point presentation.
6. The consultant then electronically signs the consult and emails the referring provider to let them know the consult has been completed.
